**Notice of Hearing and Public Meeting  
Regarding Proposed Desired Future Conditions for Groundwater Management Area 15**

The Pecan Valley Groundwater Conservation District is currently receiving public comments on the proposed desired future conditions for the area aquifers that were recently adopted by Groundwater Management Area 15 under §36.108, Texas Water Code. Groundwater Management Area 15 is comprised the groundwater conservation districts as follows: Bee County, Calhoun County, Coastal Bend, Coastal Plains, Colorado County, Corpus Christi Aquifer Storage and Recovery, Evergreen, Fayette County, Goliad County, Pecan Valley, Refugio County, Texana, and Victoria County.

The proposed desired future conditions and supporting materials are available at the district office at 1009 N. Esplanade St., Cuero, TX 77954 or on the district's website at: <https://www.pvgcd.org/gma-15-public-notice/>.

Proposed Amended Desired Future Conditions for Groundwater Management Area 15 at Year 2080 relative to Year 2000 Conditions:

Bee County: not to exceed 7 feet of drawdown of the Gulf Coast Aquifer System  
Calhoun County: not to exceed 5 feet of drawdown of the Gulf Coast Aquifer System  
Colorado County: not to exceed 17 feet of drawdown of the Chicot and Evangeline Aquifers  
Colorado County: not to exceed 25 feet of drawdown of the Jasper Aquifer  
DeWitt County: not to exceed 17 feet of drawdown of the Gulf Coast Aquifer System  
Fayette County: not to exceed 44 feet of drawdown of the Gulf Coast Aquifer System  
Goliad County: not to exceed 13 feet of drawdown of the Chicot Aquifer  
Goliad County: not to exceed 34 feet of drawdown of the Evangeline Aquifer  
Goliad County: not to exceed 21 feet of drawdown of the Burkeville Aquifer  
Goliad County: not to exceed 21 feet of drawdown of the Jasper Aquifer  
Goliad County: not to exceed 28 feet of drawdown of the Gulf Coast Aquifer System  
Jackson County: not to exceed 15 feet of drawdown of the Gulf Coast Aquifer System  
Karnes County: not to exceed 22 feet of drawdown of the Gulf Coast Aquifer System  
Matagorda County: not to exceed 15 feet of drawdown of the Chicot and Evangeline Aquifers  
Refugio County: not to exceed 5 feet of drawdown of the Gulf Coast Aquifer System  
Victoria County: not to exceed 5 feet of drawdown of the Gulf Coast Aquifer System  
Wharton County: not to exceed 15 feet of drawdown of the Chicot and Evangeline Aquifers

The district will conduct a public meeting and public hearing on the proposed desired future conditions on July 21, 2026 at 9:00 a.m. at the Pecan Valley Groundwater Conservation District office, 1009 N. Esplanade St., Cuero, Texas. Public comments will be accepted by the district through July 31, 2026.

Submit comments, questions, and requests for additional information to Cindy Parma, General Manager, Pecan Valley Groundwater Conservation District, by mail, email ([director@pvgcd.org](mailto:director@pvgcd.org)), or at the public hearing. For more information, please call the district at (361) 275-8188.

**CERTIFICATION**

I certify this notice was posted on June 17, 2026, pursuant to Section 36.108.
